### **Current Professional Activities**

Founding Director of the Listening Perspectives Study Center—specializing in all areas of continuing education for mental health practitioners.

Founder of the Newport Psychoanalytic Institute (1974).

Faculty Member and a Supervising and Training psychoanalyst.

Faculty Member and a Supervising and Training psychoanalyst, The California Graduate Institute since 1971--advanced courses in psychoanalytic theory and practice.

Assistant Clinical Professor, College of Medicine, Department of Psychiatry, University of California at Irvine.

Private Practice in Newport Beach (1971-84) and in Orange since 1984. Specialized in case conference groups, as well as supervision and training therapy for mental health professionals. Consultant to several schools and community agencies. Psychotherapy and Psychoanalysis with children, adolescents, and adults.

Forensic Activities from 1971 includes research and testimony in child custody and adoptions. Beginning in the late 1980's research, consultation, and testimony in the nature and scope of psychotherapy practice—especially dual relationships, transference and countertransference, standards of practice and false accusations against therapists.

Continuing Education lectures, seminars, home-study, and on-line courses for mental health

professionals since 1971 have increased significantly since 1997 since C.E. courses are now mandated by most states. The major sponsors have been the Continuing Education Committee of the American Psychological Association (at annual conventions); Division 39 of APA at national meetings; Psycho-Legal Associates weekend west coast conferences; as well as numerous other state, national and international associations.
