

VIDEO CONFERENCING NOW AVAILABLE!

## HELP WITH DIFFICULT CASES!!!

For 40 years I have specialized in helping psychotherapists of all theoretical and clinical orientations work with their most difficult and trying cases. This includes being alert to the dangers of:

- false accusations
- dual relations/boundary issues
- sexualizations
- adverse countertransference reactions
- other clinical, legal and ethical concerns.

I now have [telephone and video conferencing facilities](#) to work individually with therapists throughout the state. In the Orange County area I conduct ongoing individual and group consultation experiences at The Listening Perspectives Study Center in the city of Orange. Groups meet Mondays 11:45-1:15; Tuesdays 10:30-12:00; Wednesdays 11:00-12:30, and Thursdays 11:00-12:30.

Check out my website for free downloads: books, articles and continuing education information then give me a call to set up a [no-charge get-acquainted appointment.](#)
